VOLUME 1, NUMBER 1

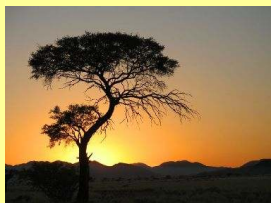

## Dear Friends of Namibia and Tourism Colleagues,

It is our pleasure to present you with the first newsletter of the season.

Our company is expanding to keep pace with the general growth of tourism in Namibia. In order to keep up with the demand, we are happy to welcome two new colleagues to our team:

**Lisa Berl** joined us in March 2008, bringing her extensive marketing experience to our company as freelance consultant. She is responsible for product development, sales & marketing activities, advertisements, newsletters and our new and expanded webpage. She will keep you informed about specials and interesting news from Namibia.

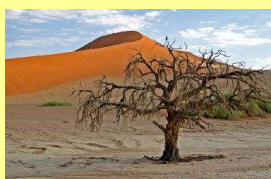

**Uschi Webb**, who is a born Namibian, brings along many years of tourism and travel experience in Namibia and South Africa. She returned with her family from Cape Town where she lived for the last 9 years and ran her own safari company. She is engaged with us as travel consultant and puts together exciting travel itineraries according to clients' wishes.

During the first half of 2008 we have seen the opening of a couple of new lodges and more new establishments are in the building process. We are trying to keep up with demand in Namibia's fastest growing sector—**tourism**. Namibia is starting to become an all-year-round destination without high and low seasons.

### **Namibia Holiday & Travel Fair**

With Africa's busiest Travel Trade Fair in Durban- the "**Indaba**"- behind us, we prepare for the next one – Namibia's largest travel exhibition, the "**Holiday & Tourism Expo**", which takes place from 28<sup>th</sup> - 31<sup>st</sup> May 2008 in Windhoek. Namibian tour operators, hotels, guest farms, restaurants and other representatives of the tourism industry, will present their products at this show. Last year over 11000 interested visitors came to visit the Tourism Expo.

### **Okomitundu Guest Farm [www.okomitundu.com](http://www.okomitundu.com)**

**Acacia Namibia** is the **booking agent** for this lovely guest farm, situated in the Erongo Region of Namibia, a mere 170 km from Windhoek. Okomitundu offers horse riding, hiking trails, bird watching, nature drives, a fantastic view from the top of 'Kudu Mountain' and a conference facility. With only 10 rooms the farm is ideal for families with children since there is plenty of space to roam around, a petting zoo, a playground and 2 heated swimming pools.

**Should you be looking for relaxation and activity – Okomitundu is the place visit!**
